

IVST SEEKS HEAD SWIM COACH

The Indian Valley Swim Club seeks a head coach for its summer recreation swim team. Located in an idyllic setting amidst the hills in Walnut Creek, the Indian Valley Swim Team enjoys a nearly 50 – year tradition of togetherness and team spirit, currently boasting 150+ enthusiastic swimmers of all abilities ranging in ages from 4-18.

The head coach will be responsible for creating an environment where every swimmer can enjoy swimming, improve their technical skills, and feel they are a valuable contributor to the team. The season begins in early April, and ends in early August. The team practices five days a week (M-F), with meets generally scheduled on Wednesday evenings and Saturday mornings.

The ideal candidate will be a positive, motivated person with a passion for swimming and teaching kids. They will possess an extensive knowledge of swimming mechanics and competitive swimming. This candidate will instruct and communicate using positive feedback, and will relate well to both young children and teens. Our goal is to find a head coach who emphasizes stroke technique in practice every day, so the kids will first and foremost improve their strokes, starts, and turns, and in that process increase their endurance and speed. In addition, our goal is to find a head coach with a vision that extends beyond the lane lines; who will help not only to instill a sense of sportsmanship and camaraderie, but also will inspire a sense of purpose and

community in all our swimmers, all while having fun.

The Indian Valley Swim Club offers a competitive rate of compensation, and a friendly work environment.

Interested candidates are asked to email a resume and 2 or more references to ivstdirector@yahoo.com.
